---

**2.5.1 Mechanism of internal / external assessment is transparent and the grievance redressal system is time bound and efficient.** For each semester and year, there is an ongoing process of internal student assessment. Internal exams, quizzes, assignments, class tests, projects, case studies, etc. are used to evaluate the performance of the students. Each unit's completion is followed by a class test. Students are advised of the scope of improvement after seeing the class test results. This ensures that the student answers to the question correctly if it appears in an internal or university exam. The transparency in the examination process is followed as per the guidelines of the JNTUK, Kakinada. Where appropriate, the internal evaluation examination follows the same guidelines. Internal exam papers are evaluated and discussed with students after completion. The subject teacher corrects any errors in the entry of marks or changes. The faculty reviews each student's paper with them individually and points out areas for improvement. Only after each student has reviewed and approved of their marks is the subject's mark list posted on the notice board. To ensure a fair evaluation in the event of any discrepancy, the paper is re-evaluated by other staff. At the college level, students can easily contact staff about the rectification of their marks. Each staff member makes sure that any disputes relating to the evaluation are settled before submitting the answer sheets to the examination branch. The timely and effective resolution of exam-related complaints is ensured by a functioning grievance redressed committee. Students are encouraged to express their complaints without worrying about being scrutinized or singled out.

Any grievances of the students related to university examinations such as online form submission, queries related to hall ticket viz. correction in name/ subject/ subject code/ programmer/ pattern, wrong entry of marks and absentee etc. are addressed at college and university level in time-bound manner under the guidance of examination section of college. The office and examination branch guide students to apply grievances through online portal. The expression of complaints by students are encouraged without any fear of retaliation from peers or professors. For a fair evaluation procedure, both direct and indirect grievance reporting methods are taken into consideration.

# **PRIYADARSHINI INSTITUTE OF TECHNOLOGY AND MANAGEMENT**

**5<sup>th</sup> mile, PULLADIGUNTA, Kornepadu (V), Vatticherukur (M), GUNTUR-522017 (A.P.)**

Approved by AICTE, Affiliated to JNTUK

---

After the end-of-semester exam, the university normally announces the results 40 to 45 days later. Students have ten days from the time the results are announced to submit an online request for revaluation as per JNTUK. The results of the revaluation are disclosed after 45 days. The university adjusts the marks if there are any changes; else, the previous marks are retained.
