HOD

Date:30/11/2020

**PROGRAM REPORT**

**Name of the Program:** A Five day FDP on RENEWABLE ENERGY SYSTEMS

**Organized by:** Department of Electrical & Electronics Engineering

**Dates:** 23/11/2020 to 27/11/2020

**Resource Person:** S.Surya Chandra  
Asso Professor  
Priyadarsini institute of Technology and Management,Guntur  
suryas85@gmail.com

**Objective:**

The primary objectives of a renewable energy portfolio are to: Promote the development and deployment of renewable energy technologies. Reduce dependency on fossil fuels and enhance energy security. Mitigate climate change by lowering greenhouse gas emissions. The objective of the courses is to develop in-depth knowledge for the following: Various renewable energy resources available at a location and assessments of its potential, using tools and techniques. Photosynthesis.

## About the FDP

This FDP is aimed to enhance the knowledge of faculties about recent trends in renewable energy sources and systems. Renewable energy such as Wind, Solar, Biomass, Geothermal, Hydro, Tidal, etc. The aim of this Faculty Development Programme (FDP) is to bring the teachers of different engineering, science and allied subjects onto one platform to update with the advances in the renewable energy technology and applications, effective teaching learning practices, integration of ICT in the teaching-learning process ..

## Program Outcome:

The deployment of renewables in the power, heat and transport sectors is one of the main enablers of keeping the rise in average global temperatures below 1.5°C. In the Net Zero Emissions by 2050 scenario, renewable allow electricity generation to be almost completely decarbonised. Environmental and economic benefits of using renewable energy include: Generating energy that produces no greenhouse gas emissions from fossil fuels and reduces some types of air pollution.

**PROGRAM REPORT**

**Name of the Program:** A Five day FDP on Amazon Web Services On Cloud Computing

**Organized by:** Department of Computer Science & Engineering

**Date:** 08/02/2021 to 12/02/2021

**Resource Person:** Dr.V.Naresh  
Professor  
KL University, Vaddeswaram, Vijayawada  
nareshv23@gmail.com

**Objective:**

AWS(Amazon Web Services) is a huge player in the cloud computing world. so if you want to become a cloud architect, this Fundamentals of AWS learning path is a great place to start. It's been created especially for beginners and is designed to give you a comprehensive understanding of the foundational services offered by AWS including compute, storage, networking, database, and identity & access management (IAM). As you work your way through these topics, you'll also have the opportunity to put your newly acquired knowledge into practice thanks to our hands-on labs, which allow you to try out AWS services in a live cloud environment.

## About the FDP

In this Introduction to Cloud Computing with Amazon Web Services training course, deploy a web application in AWS. This course is designed for the absolute beginner, meaning no experience with Amazon Web Services is required. You will start by learning about AWS specific concepts, then jump into deploying WordPress on AWS.

### Program Outcome:

The outcomes are to provide the AWS Global Infrastructure, Category Overview, Examine the AWS Global Infrastructure, Understand the Difference between AWS Regions, Availability Zones (AZs), and Edge Locations. It is one of the most popular tools used by statisticians, data analysts, research marketers to retrieve, clean, analyze, visualize and present data of Well Framework, Well Due to its expressive syntax and easy recent years.

**Objective:**

A research methodology gives research legitimacy and provides scientifically sound findings. It also provides a detailed plan that helps to keep researchers on track, making the process smooth, effective and manageable. Importance, consequence, moment, weight, significance mean a quality or aspect having great worth or significance. importance implies a value judgment of the superior worth or influence of something or someone. a region with no cities of importance.

## About the FDP

This program is mainly designed for management faculty members and researchers working in schools, universities, colleges and professional institutes, or other government and private professional training institutes. The program would give the participants an edge to perform more effectively in academia. Research methodology is the specific procedures or techniques used to identify, select, process, and analyze information about a topic. In a research paper, the methodology section allows the reader to critically evaluate a study's overall validity and reliability.

### Program Outcome:

- Exact start point in selecting Research area.
- Approach in selecting Research topic.
- Precautionary measures to be considered in identification of Research topic etc
- Importance of brainstorming in Research journey.
- Keywords identification and its importance.
- Tips and tricks for keyword identification.

### Report of Training Session for Non Teaching faculty on "E-CAP"

Welcome to the presentation of Engineering College Automation Package, designed and developed by Webpros Solutions Pvt Ltd, Visakhapatnam. The software hereinafter referred as ECAP, fulfills all the requirements of Engineering Colleges including integrated campuses offering Undergraduate and Post Graduate Courses. ECAP aims at immediate availability of data in required formats, ease the work of staff and management and increase in transparency and accountability in administration. ECAP is a fully featured Human Services Software designed to serve Startups, Enterprises. ECAP provides end-to-end solutions designed for Web App. This online Human Services system offers Child Welfare Management, Reporting & Statistics, Time Tracking at one place. e-CAP Bluetooth Software, coming from the developer In all technologies, is running on Android system in the past. Now, You can play e-CAP Bluetooth Software on PC with Game Loop smoothly. Download it in the GameLoop library or search results. No more eyeing the battery or frustrating calls at the wrong time any more. Just enjoy e-CAP Bluetooth Software PC on the large screen for free ! You can use "e-CAP Bluetooth Software" for getting today's prayer times and also for configuring e-CAP's Prayer time Displays having bluetooth connectivity. You can configure time, date (Georgian and Hijry), prayer time calendar from the database, automatic/manual modes of Azan and Iqamath times, notification sounds, mosque name etc. For connecting you need an android phone having bluetooth connectivity.
