**PROGRAM REPORT**

**Name of the program** : A Three Days Training program on “How To Score More in any Competitive exam”

**Date** : 07-02-2019 to 9-02-2019

**Resource person and details :**

**Name** : Dr. B. Prasada Rao

**Designation** : Professor, MBA Department

**Place** : PITM, PULLADIGUNTA

The Seminar Connected With Expert Speakers Sharing Valuable Insights And Tips For Exam Preparation. They Emphasized The Significance Of Comprehensive Planning And Setting Realistic Goals.

A comprehensive seminar was conducted, aimed at providing engineering students with a strategic approach for achieving success in competitive exams . The seminar focused on equipping participants with effective strategies and techniques to excel in engineering-related competitive examinations

The seminar commenced with experienced professionals sharing valuable insights on the strategic approach required for success in engineering competitive exams. The speakers emphasis the significance of understanding the exam pattern and syllabus. They highlighted the importance of priority key topics based on their weight-age and focusing on mastering the fundamental concepts. Furthermore , the seminar provided a platform for participants to engaged with the speakers, clarify their doubts and gain their valuable guidance on effective exam strategies specific to engineer competitive exams. Overall the seminar proved to be a valuable resources , equipping engineering students will a strategic approach that can significantly enhance their chances of success in these highly competitive exams .

### PROGRAM REPORT

**Name of the program** : A Three Days Training program on “ A Comprehensive Career Guidance For Engineers”

**Date(s)** : 02-07-2018 to 04-07-2018

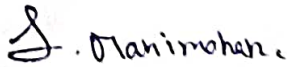

**Resource person and details** : Sri. S.Mani.Mohan Trinath Sir,

The Training and placement Cell of Priyadarshini Institute of Technology and Management conducted a Three Days Training program on “A Comprehensive Career Guidance for Engineers “ in Seminar hall. This program was initiated by our principal D.V.V.S Phani kumar Sir with a motivational speech.

The program has been a valuable resources for our students pursuing a career in engineering. In world of constant technological advancement and evolving job markets, this program aims to serve as a guiding light for aspiring engineers to develop Technical Competence as a professional engineering.

This program begins with a comprehensive assessment of each participants skills interests and career goals with professional ethics and conduct for engineering and conduct for engineering. Based on these assessments customized career plans are developed, helping individuals understand which engineering field aligns best with their aspirants

The program elevates importance technical skills developments effective communication and collaboration as a professional engineer with established engineers in various domains. By emphasizing the importance of continuous learning and professional growth, this program created awareness over tools necessary to navigate the engineering career successfully. Ultimately, this program as a concluded with Vote of thanks by the program Coordinato

  
Program coordinator

Topics covered:

## **Day 1: Job Opportunities For Technical Graduates**

### **1.1 Industry Specific Roles**

- Various career paths in software development , data analysis, cyber security , network
- Administration and system engineering.
- Opportunities in sectors such as healthcare, finance, e –commerce, manufacturing, and energy.

### **1.2 Energy Technologies**

- Careers in emerging fields like artificial intelligence, machine learning , block chain, cloud
- Computing and Internet of things (IoT).
- Job prospects in virtual reality, augmented reality , robotics, and automation.

## **2: Professional Development for Technical Graduates**

### **● 2.1 Continuous Learning and Skill Enhancement Importance**

- Importance of staying updated with the latest technological advancements through professionals certifications, online course workshops.  
Developing expertise in programming languages , data analysis tools, project methodologies , and software development frameworks.

### **2.2 Soft Skills and Communication**

- Enhancing interpersonal skills, teamwork, and effective communication to collaborate with cross –Functional teams.  
Developing leadership abilities, adaptability , problem solving skills, and critical thinking for career programs.

**Day3 :**

### **3. Career Growth and Advancement in Technical Fields**

#### **3.1 Specialization and Advanced Roles**

- Opportunities for specialization in areas such as data science , cloud architecture, cyber security and design.

Advancement to roles like technical lead , project manager, systems architect, technology consultant, or CTO

#### **3.2 Entrepreneurship and Startups**

- Starting a tech based startup and becoming an entrepreneur in fields like software development , or digital marketing.

Challenges and rewards of building a business , attracting investments , and scaling in the technology industry.

## OUTCOMES

- 1. Informed Career Path :** Comprehensive career guidance enables engineers to make informed decisions about their career paths by providing them with insights into different engineering disciplines , industries, and job opportunities.
- 2. Enhanced Professional Development :** Career guidance equips engineers with the necessary skills, certifications, and resources to enhance their professional development ,making them more competitive in the job market and increasing their chances of career advancement.
- 3 . Increased Job Satisfaction :** With guidance and support , engineers can align their career choices with their interests, values, and strengths, leading to greater job satisfaction and fulfillment in their engineering careers.
- 4. Successful Transitions and Adaptability :** Career Guidance supports and technical graduates in building a professional network ,connecting them with industry professionals ,mentors and peers , providing for collaborations , jobs referrals and access to valuable resources
